

## El Paso Gridley CUSD #11 Tuition Waiver Request

Each year IL State University issues tuition waivers to those teachers who have had a student teacher or who host a student for clinical experience. If you host a student teacher, you will have the choice of getting a stipend from ISU or three (3) one credit hour graduate tuition waivers. If you host a student for clinical experience, you will receive one (1) credit hour graduate tuition waiver. The waivers must be used for graduate courses taken at ISU and by those students who have a graduate student status. Students holding undergraduate status are not eligible to use these waivers even if the courses taken are for graduate credit.

When those waivers are received at the Unit Office – usually in the Spring and Summer – I put out an email to those teachers whose name the waivers are issued to asking if they will be using them. If they are not planning to use them, then they become available to anyone on a “first asked for basis”. If you would like to receive a waiver, please complete the information below and send to Susan at the Unit Office.

**PLEASE NOTE** If you are taking a class and using tuition waivers, you still need to complete a Professional Development Pre-approval form.
